Registration fees

- Standard registration fee: \$1850.00
- Current Diplomates: \$1000.00
- Returning Attendees: \$1100.00
- Dental Students / Residents: \$500.00

This program will provide 24 hours of continuing education hours

SYNOPSIS

This course is intended to be a comprehensive review of selected subject matter related to the assessment, treatment planning, surgical management, prosthodontic restoration, and maintenance of dental implants. The information in this course may prove helpful in preparing for the incorporation of dental implantology into a clinician's practice activities.

It should be noted that a two day review course is not intended to substitute for in-depth training in the discipline of oral implantology.

The content of this program may prove to be helpful as an adjunct in preparation for written and oral examinations where a clinical and theoretical knowledge base in oral implantology is necessary. Completing this course of study in no way guarantees that the attendee will be successful in challenging any dental board certification examination.

PROGRAM LEARNING OBJECTIVES

At the conclusion of this program, participants should be able to:

- Gain insight into the ABOI/ID oral examination process
- Develop a strategy on how to defend their cases during the examination
- Discuss implant topics including basic science, clinical diagnosis, implant prosthetics and implant surgery
- Improve presentation skills in preparation for the ABOI/ID oral examination
- Widen their personal perspective by taking part in a discussion formation with faculty and colleagues no way guarantees that the attendee will be successful in challenging any dental board certification examination.

Disclaimer: This course is neither mandatory nor recommended as the official guide by the American Board of Oral Implantology/Implant Dentistry (ABOI/ID) and thus should not be construed as an official guide in the preparation for any certifying board examination.

DISCLOSURES

- Dr. Jack Piermatti
- Director of Nova Southeastern University Maxicourse
- Director of Rutgers University Maxicourse
- Faculty at Roseman University Maxicourse
- Faculty at University at Sea - Lecturing aboard cruise ship
- Dr. Joseph Leonetti:  
Nothing to disclose
- Dr. Shankar Iyer:  
Nothing to disclose
- Dr. Bart Silverman:  
Nothing to disclose
- Dr. Suheil Boutros:  
Nothing to disclose

Participants: To receive credit for the session attended, complete the evaluation, and write down the verification code. If you are a member of the AGD, the AAID will submit your credits within 30 days of the end of this meeting. You are responsible to submit your CE to all other agencies that maintain your credits. Keep a copy of this form for your personal records.

The American Academy of Implant Dentistry is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.
